User Agreement, Privacy, Cookies and AdChoice Norton Secured powered by Verisign. Please check your inbox, and if you can't find it, check your spam folder to make sure it didn't end up there. Please also check your spam folder. You can have up to 6 GAP compatible handsets registered to your BT Freestyle 7310 base. Make internal calls between two handsets while a third is on an external call. This doesn't take long as it is easy to do. Just follow the simple instructions on the next few pages. These signals may interfere with some hearing aids, causing a humming noise. The strength of the signal depends on where you site the base. Putting it as high as possible ensures the best signal. Plug the other end into the mains socket.

When there is no clear line of sight between the base and the handset, e.g. base indoors and handset either indoors or outdoors, the range could be reduced to 50 metres. Thick stone walls can severely affect the range. When you are out of range, it flashes and the screen displays SEARCHING and there is a beep, you are out of range. Standby time is increased if set to battery save mode, see page 60 for details. Eventually they will need to be replaced. This is normal. The screen shows the battery icon filling up. Pull the plastic tag as instructed to activate the batteries. Each menu leads to a list of options. Have a look at the menu map on the following page. For example, to adjust the handset ringer melody for external calls Display shows RINGER. Press SAVE to confirm. Display shows RINGER OFF then The In Use light on the base flashes to indicate the line is in use. If you make a mistake press CLEAR to delete. Press to dial. Or press END to cancel and return the phone to

standby. The time is shown during the call and for a few seconds after the call has ended. It also enables other people in the room to listen to both sides of your conversation. Dial the number. Display shows SECRECY ON. Your caller cannot hear you. Scroll DOWN to the number you want. Press to return Scroll DOWN to the number you want. Press VIEW to see the picture then USE to select it. Press to return to standby. Screen shows KEYPAD LOCKED. Display shows KEYPAD UNLOCKED. Press READ to read the message. Names can be up to 16 characters long and numbers up to 24 digits long. The rest will be in lower case. Display shows NEW ENTRY. Press VIEW to see the picture and USE to save it. Screen shows COPYING TO HANDSET X. Press VIEW to see the picture and USE to save it. If this is not the case then you will need to copy the entries from your mobile handset directory onto the SIM. Refer to your mobile user guide for details.

<http://www.bestlifepolicy.co.uk/wp-content/plugins/formcraft/file-upload/server/content/files/1626c26f006adb---casio-bc-111-battery-charger-manual.pdf>

Note sometimes the mobile handset directory entries will appear differently when they are copied to the SIM, with the name being appended with a number, e.g. Tom 1. Copied entries are added to any existing entries that have been stored. You can accept or reject each entry until your directory is full. This product is intended for connection to analogue public switched telephone networks and private switchboards in the United Kingdom.
